The current healthcare reimbursement landscape is varied and complex, calling on healthcare finance leaders to be increasingly diligent in managing their revenue and patient financial service operations. These challenges also present opportunities to optimize the patient's experience as an informed consumer. Baker Newman Noyes (BNN) can help you navigate these complexities for your organization and your patients.

OUR APPROACH

Whether you're dealing with increased denials, struggling to secure prior authorizations, or just collecting aging balances, we work with you to examine your current financial, compliance, and operational processes to provide objective analysis and best practices for improving your revenue operations.

WE CAN HELP YOU WITH

- Billing and Coding Assistance
- Accounts Receivable (A/R) Analysis for Cash Acceleration
- Denial Management Strategy and Analysis
- Key Performance Indicator Dashboard Development
- Chargemaster Advisory
- Revenue Integrity Strategy Development
- Charge Capture and Reconciliation Reviews
- Credentialing Assistance
- Self-Pay Strategies
- System Pre-/Post-Go-Live Optimization

"We are very pleased with how BNN is working with us. The team is working very well. We are going to be best in class when done! I'd be thrilled if we can extend the project."
